

January 28<sup>th</sup>, 2021

After working with Rene' and the Nationwide Gutter team over the last decade on over a dozen projects it's my pleasure to commend them on their work.

Whether it's a 6-story wrap with difficult access points, or a simple single-story gutter and downspout job, the Nationwide Gutter team has always performed for us. Meeting or exceeding our safety, schedule, and quality expectations has never been a question.

Sincerely,

Patrick Bette  
Project Manager  
BBL Building Company
